We are excited to offer another Virtual Career Exploration Session - Neuroscientist!

Neuroscientist session details:

- **Date: Thursday, April 27, 2022**
- **Time: 4:30pm MST - session should run 60-90 minutes**
- **Register here: CES - [Neuroscientist Registration Link](#)**

Neuroscience is the study of the brain and nervous system in an attempt to understand how behaviour is generated. Neuroscientists specialize in an interdisciplinary field that encompasses biology, chemistry, physics, mathematics, neurology and pharmacology. They often work as researchers, or research technicians, within a college, university, government agency or private industry. Join Dr. Robbin Gibb to find out more about a career that holds a wide scope of opportunities and contributes to the understanding of human development.

Each student needs to register in advance in order to receive a link to the virtual events. The deadline to register is 12:00 pm the morning of the event. Career Exploration Sessions are run as a Meeting on Microsoft Teams. Further instructions along with the link will be sent directly to the student(s).
