We will once again be booking these conferences through School Soft Conference Manager. ## **4th Quarter at TCHS!**

This week marks the end of the 3rd quarter and this coming Monday marks the start of the 4th quarter. For classes like English, Social, Biology, Physics, Math Christian Studies and CALM they continue right on as they are on a semester system (go for half a year). This also includes our Art, Music and Drama options. However, for our 1 credit CTS (Career and Technology Study) option courses, students will have the

opportunity to select new ones.

TCHS is offering both Sports Injury Management (Mr. Vriend) and Audio / Visual Technology composition (Mrs. Ohlman) as traditional options classes.

We are also offering passion project based / internship based classes that students would be involved in designing. With this option students would select one (of many) CTS classes of interest. They would design their own project that both demonstrates the learning required of the class and allows the students to respond to a real world need / reflect on our Christian mission and vision. Students will also be required to present their final projects. Students wanting to pursue and set up an internship would also have the ability to do so. All projects and internships will be approved by teacher representatives. This is a work in progress, but we are excited about the possibilities / opportunities this could provide. If you have any questions, feel free to contact the school.
