Grade 9 Science Olympics

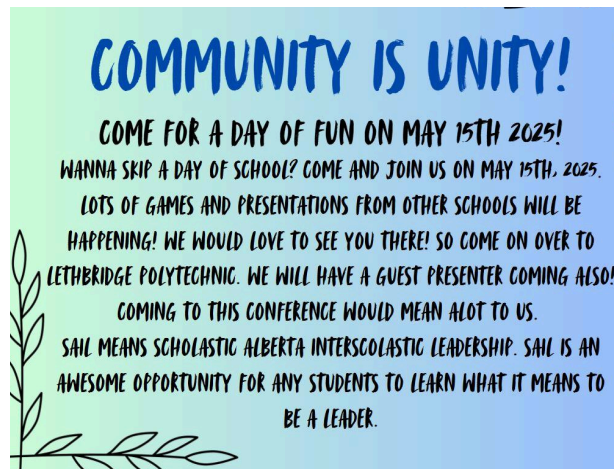

On March 27, 8 grade nines participated in the Horizon Science Olympics. It was a great day of collaborating, completing STEM challenges, and working as a team. The students worked ahead to build a wind turbine, and while at the science olympics they had challenges of building a marble ski jump, and completing Dante's peak. The boys team placed 3rd in the marble ski jump challenge and had the marble go 30 cm! Thanks to Hosea, Jack, Jayden H, Mathew, Susana, Nela, Cleo, and Judy for being a great representation for TCHS!

SAIL

The TCHS SAIL (Southern Alberta Interscholastic Leadership) group is very excited to be a part of the "Community is Unity" Conference coming up in May for students of Southern Alberta Schools. Last Thursday we had the chance to join together in Lethbridge and start planning our conference. This year the focus is on communication, growing in community, and finding similarities that bring us together. Our TCHS crew is excited to prepare a breakout session focusing on how to use our strengths and God-given gifts to serve those around us - Liz is one of the students who is helping design the flyers and t-shirts for the event! Our hope is that developing an understanding of what we as individuals bring to the table will encourage others to do the same.

- Liz, Eric, and Haley.
