Please note that we require Grade 10 students to choose Options and CTS classes, but Grade 11 and 12 students are not required. Based on the amount of earned credits to date, they may choose to have a spare instead of a class. Students should make sure that they stay on track for graduation requirements - please check your detailed academic reports on your Alberta MyPass accounts. Please stop by the office if you have questions or concerns.

Grade 11/12 Course Option Selection:

Along with regular core classes, grade 11 and 12 students can also sign up for the following:

- ☐ PE 20/30 - Block 2 - Ms. Teske - 5 credits - year long (may be in a different block 2nd semester).

OR

- ☐ Sociology 30 - Block 2 - Ms. Gilbert

*Grade 11 students are also able to take this block as a spare, however are recommended to sign up for a class here if there is already a spare in your schedule. Please note that Sociology 30 and PE 20 are not required courses.

*Grade 12 students do not need to sign up for either of these courses but are recommended to sign up for one if there is a need for more credits - please consult with the office if needed!

Grade 12 students will also see that they are in “Career & Vocation / Passion Projects” in Block 2 of the first semester. This course will be taught by Ms. Svrtta and is a graduation requirement for TCHS students. The course will have minimal classroom instruction but does require more independent work.

More information will be given with the course outline at the beginning of the school year!
